PROFESSIONAL SUMMARY

Detail-oriented Computer Science and Engineering graduate combining a strong analytical foundation with proven expertise in client communications and workflow automation. Adept at leveraging technical proficiency in data management and process optimization to drive operational efficiency. A proactive problem-solver committed to continuous learning, cross-functional collaboration, and delivering accurate, high-quality results in dynamic, fast-paced environments.

CORE SKILLS & COMPETENCIES

TECHNICAL	Data Entry & Management · Retool (Dashboards & Workflows) · SQL · IT Troubleshooting
PROFESSIONAL	Strong Verbal & Written Communication · Client Relations · Active Listening · Professional Attitude
ANALYTICAL	Complex Problem-Solving · High Attention to Detail · Data Accuracy · Rapid Skill Acquisition
OPERATIONAL	Adaptability to Night Shifts · Team Collaboration · Feedback Implementation · Process Automation

PROFESSIONAL EXPERIENCE & PROJECTS

Workflow Automation & Dashboard Development
May 2026

- Built and deployed interactive data dashboards and automated operational workflows utilizing Retool and SQL.
- Streamlined data visualization and process tracking to support efficient reporting and task management.

Sales Development Representative | *Santuary Limited*
April 2024 – June 2024

- Initiated high-volume outbound calls, demonstrating strong, professional communication skills and the ability to handle client interactions effectively.
- Maintained clear, persuasive dialogue to build professional relationships and accurately identify customer needs.
- Consistently met outreach targets while adapting quickly in a fast-paced, feedback-driven environment.

Research Thesis (ProstadeNet) | *Academic Project*
2024 – 2025

- Built ProstadeNet, a fine-tuned CNN that classifies prostate cancer into six ISUP grades from histopathological images, reaching **99.83%** test accuracy (F1-score **99.69%**).
- Applied image preprocessing and data augmentation to grow the dataset from 10,616 to 53,080 images, then used an ablation study and 5-fold cross-validation to tune and validate the model.
- Benchmarked ProstadeNet against five pre-trained transfer learning models (VGG16, VGG19, MobileNet, MobileNetV2, InceptionV3), outperforming all of them in accuracy.

Private Tutor | *Caretutors*
2019 – 2025

- Communicated complex technical concepts clearly to students, demonstrating patience and strong mentoring abilities.

EDUCATION

Bachelor of Science in Computer Science & Engineering
2021 – 2025

Daffodil International University

- CGPA: **3.45 / 4.00**
- Academic Focus: Problem-solving, analytical mathematics, and computer science fundamentals.

EXTRA ACTIVITIES

- HULT Prize – Business Competition (2023)
- Takeoff Programming Contest – Participant (2021, 2023, 2024)
